Your ideas - your cultural program

You are interested in culture - music, theater, books, series, podcasts, dancing? You live in Ludwigshafen? You want to help shape the cultural program of this city? You have ideas that you would like to implement in Kulturzentrum dasHaus? You know which events are still missing here? You would like to bring people together who otherwise would not meet each other?

Then join the HausRat! Together we will develop new events. You contribute your ideas. You help to shape the program. We will make Kulturzentrum dasHaus Ludwigshafen a place that is there for many different people in Ludwigshafen. An open meeting place. For the neighborhood and all interested parties. The HausRat will receive a budget for events and projects.
